

Volunteer to Review SAS Publications

SAS Institute has a need from time to time to have books reviewed. A list of reviewers will be compiled by HASUG and forwarded to SAS Institute. When a book of interest to you becomes available, SAS Institute will send a letter. If you would like to review the book, respond to the letter and a copy will be sent to you. Your responsibility is to write a review for SAS Institute. HASUG also would like a copy of the review to publish in the Flash quarterly newsletter. This shares the news of a new book with the SAS community. In appreciation of your reviewing efforts, you get to keep the book.

If you are interested in writing book reviews, please fill in the form.
